

A Non-Profit Educational Corporation

Fundamentals of Drinking Water Treatment Course & Contact Hour Workshops Grades 3-4

- Dates:** 7-Day Course June 8- 16, 2026 or **5-Day Review June 8 - 12, 2026
or choose individual days based on your needs. **The 5-Day session is intended to be an exam review, NOT a 36-hour course. If you need a full course of instruction to meet certification/exam requirements, please register for the 7-day course or call the office at 916-640-2114 for more options.
- Time:** 8:00 a.m. to 4:00 p.m.
- Location:** 8801 Folsom Blvd., Suite 220, Sacramento, CA 95826
*OCT reserves the right to modify the schedule as necessary. Changes to the schedule will be communicated to all participants in a timely manner.
- Class Info:** Class credit is issued based on a combination of:
- Chapter quizzes, Feedback, Participation, and Attendance.

TUITION FEE SCHEDULE:

Small water system,
(serving a population of 10,000 or less)
\$140.00/day or \$910.00 full course

Medium/Large water system,
(serving a population of 10,001 or more)
\$275.00/day or \$1820.00 full course

Tuition must be paid prior to the first day of class. A 10% cancellation fee will be charged.

Class Schedule

June 8-9, 2026: **2-Day Water Treatment Operations - 14 Contact Hrs./1.4 CEUs**

- This class provides a review of all the primary aspects of conventional surface water treatment plant operations in lieu of the Long-Term Enhanced Surface Water Treatment Regulations (Stage 2) and the new Disinfection by-product regulations for operators grades 1-4. Contained in the conventional filtration section will be specific emphasis on coagulation, flocculation, sedimentation and filtration, including chemical pre and post treatments. Some additional aspects of Advanced Treatment such as membranes, dissolved air flotation and reverse osmosis are also included with advances in solids contact clarification including ballast sand and similar other operations.

June 10-11, 2026: **2-Day Water Treatment Math, Gr. 3-4 - 14 Contact Hrs./1.4 CEUs**

- A scientific calculator is required for this math class.
- This class is a basic study of process math with an emphasis on the Step-by-step solution method, process formulas, conversions, pounds problems and volume formulas, dosage/demand/residual, simple solution problems, velocity, filtration, hydraulics and pump problems. Disinfection and sedimentation problems are taught and practiced in this class.

June 12, 2026: **Disinfection of Public Water Supply - 7 Contact Hrs./0.7 CEUs**

- Operators will describe common waterborne diseases, E.Coli and fecal coliforms are major indicators of pollution and flag the need for disinfection of our public water supplies. With the mandating of filtration by the SDWA combined with mandatory disinfection, these are the double-barrier efforts necessary to achieving safe drinking water. The study of chlorination theory and chemistry, breakpoint chlorination, dosage/ demand/ residual and dosage levels are valuable at all levels of water knowledge.

June 15, 2026: **Title 22/EPA Regulations - 7 Contact Hrs./0.7 CEUs**

- Operators will evaluate MCLs, record keeping requirements, operational regulations and personnel legislation. Operators will interpret and apply these laws as they relate to all areas of the water industry in California. Students will also review a compilation of the most current regulations issued by Groundwater and Drinking water division of the EPA.

June 16, 2026: **Sources: Wells & Surface Water- 7 Contact Hrs./0.7 CEUs**

- This class addresses water sources, the hydrologic cycle, water supply, water quality constituents, ground water, surface water, and water quality parameters.

OCT Water Quality Academy Class Registration Form

To register for a class/course, please complete this form and return via:
 Email: info@octinc.com • Fax: 916-640- 1823 • Mail: 8801 Folsom Blvd., Ste. 220, Sacramento, CA 95826
 For questions, please call Customer Service: 916-640-2114 or 866-266-0028

Student Information:

Name: _____
 Company: _____
 Street Address: _____
 City: _____ State: _____ Zip: _____
 Phone: _____
 Email: _____

I am taking this class for:

- Review for exam (Test Date _____)
 - Need credit/CEUs for license renewal
 - Get started in the industry
 - Educational Purposes
 - Other (Please specify below)
- _____

Date of Class(es)	Title of Class(es)	Price
Total		

Requesting tutoring for classes listed above

Scientific calculators (required for math) \$15.00

Please choose all that apply to you:

- Caucasian/White
- Black/African American
- American Indian/Alaska Native
- Native Hawaiian/Other Pacific Islander
- Hispanic/Latino
- Asian
- Other
- Prefer not to disclose

Please select your age and gender:

- | | |
|-------------------|-------------------|
| 18 – 25 | Male |
| 26 – 35 | Female |
| 36 – 45 | Prefer not to say |
| 46 – 55 | |
| 56 - 65 | |
| Prefer not to say | |

Payment Information:

PO#: _____
 CC#: _____
 Expiration Date: ___/___ Security Code: _____
 Email Address for Receipt: _____

 Small Water System (serves less than 10,000)
 Med. – Lg. Water System (serves 10,000+)

Fed I.D. # 20-8547253

Do you need special accommodations to attend this class? Yes No
If yes, how can we help?
