Class Schedule

August 17 - 20, 2026: 4-Day Water Treatment Certification Test Prep
28 Contact Hrs./2.8 CEUs

Over the course of four days, operators will:

- Learn the format and process involved in taking the State's T-5 examination.
- Learn to demonstrate their ability to administer a water treatment plant of any size and type in California to a three-member panel.
- Learn how to quickly and efficiently respond to all six categories commonly addressed during the exam.
- Understand State questions cover the following topic categories:
 - ~ Operations
 - ~ Federal & State Water Quality Regulations
 - ~ Management
- Learn how to give a successful oral presentation in response to interview questions.
- Understand the importance of referencing both Title 22 and/or 40 CFR in response to Regulations questions.
- Practice giving oral presentations for Regulatory Questions:
 - ~Turbidity, DBPs, THMs, Stage 1 and 2. Review the Long Tern 1 and 2 ESWTR and how they function together.
- Review past Operations problem questions and practice presenting responses.
- Review past Management problem questions and practice presenting responses.

Operators will receive copies of the following support publications:

1. California Title 22
2. EPA - Federal Water Regulations
3. W-12 Oral responses to operations, personnel, and regulations questions
