

A Non-Profit Educational Corporation

3 - Day Certified Field Sampling for Water & Wastewater Operators

Dates: July 20 - 22, 2026

Time: 8:00 a.m. to 4:00 p.m.

Location: 8801 Folsom Blvd., Ste. 220, Sacramento, CA 95826

*In accordance with local, State and Federal directives, class may be held via Zoom.

Class Info: Class credit is issued based on a combination of:
- Final Exam, Feedback, Participation, and Attendance.

TUITION FEE SCHEDULE:

Small water system,
(serving a population of 10,000 or less)
\$375/course

Medium/Large water system,
(serving a population of 10,001 or more)
\$750/course

Tuition must be paid prior to the first day of class. A 10% cancellation fee will be charged.

Class Schedule

3 - Day Certified Field Sampling

California Title 22, Section 64415 - Laboratory and Personnel

21 Contact Hrs./2.1 CEUs

- This class provides accredited classroom instruction on the sampling procedures required to properly collect water samples for laboratory analysis. This class will emphasize sampling procedures based on specific rules, which include, but are not limited to the: *Total Coliform Rule* and/or *Revised Coliform Rule*, *Groundwater Rule*, *Lead-Copper Rule*, *Surface Water Treatment Rule*, and *Chemical Rule*.
- Operators will learn about sampling procedures for bacteriological indicators (i.e., *coliform bacteria*) for fecal contamination, inorganic contaminants (IOCs), semi-volatile organic contaminants (SOCs), volatile organic contaminants (VOCs), Nitrate-Nitrite, asbestos, radioactive chemicals, and other sampling techniques as it pertains to environmental sampling for drinking water and wastewater analysis. In addition, operators will also learn and review the basic water quality parameters that effect drinking water quality (i.e., temperature, pH, color, odor, turbidity, conductivity, free chlorine residual, and total dissolved solids, just to name a few), and learn how to field test for these parameters.
- Operators will complete basic "hands-on" sample collection, data collection, and reporting procedures.
- Scientific calculators are required for the math portion of this class.
- A final examination will be administered and a minimum score of 70% must be achieved to pass.
- Upon successful completion of this course, students will receive a Certificate of Competence as well as a wallet card to verify their certification status.
- Certificate of Competence is valid for 2 years from the date of class completion.
- The Certification can be renewed for the next 2 year period by completing a 1 day refresher class and passing the final exam.

OCT Water Quality Academy Class Registration Form

To register for a class/course, please complete this form and return via:
 Email: info@octinc.com • Fax: 916-640- 1823 • Mail: 8801 Folsom Blvd., Ste. 220, Sacramento, CA 95826
 For questions, please call Customer Service: 916-640-2114 or 866-266-0028

Student Information:
